

## SECTION 11 — COMPUTER/INTERNET ACCEPTABLE USE POLICY

A student's use of the District's computers and Internet resources is a privilege, not a right. Student-users of the District's computer network and Internet access are expected to use this technology as an educational resource.

Student computer network/Internet users are expected to behave responsibly in accessing and viewing information that is pertinent to the educational mission of the District. Students are required to abide by the generally accepted rules of network etiquette. These include, but are not limited to the following:

1. **Use of Appropriate Language.** The District's Internet system has been established for an educational purpose. As such, the District prohibits stuedh048g(r)15(al)52998(e.)411.998(.9920500f.002)8.996.006(ct)50

10. Student Passwords/Accounts: Students may not share their passwords to anyone nor allow unauthorized network access via their account.

11. Unauthorized Disclosure, Use or Dissemination of Personal Information: Students may not disclose, use

## **SECTION 12 — ELECTRONIC COMMUNICATION DEVICES (CELL PHONE) POLICY**

District students and employees are permitted to possess and use District-owned and Personal Electronic Communication Devices, when in compliance with this policy, other district policies, regulations, rules, and procedures, internet service provider (“ISP”) terms, and local, state, and federal laws, and when that possession and use is supportive of the educational program of the district. However, the possession and use of District-owned and Personal Electronic Communication Devices by students and employees that are (a) found to be disruptive to the educational process and/or environment or (b) used in ways that negatively affect students, employees, and the district's mission and environment, is prohibited in accordance with this Policy, other district policies (including the

- (i) Students and employees are prohibited from connecting Personal Electronic Communications Devices to the District-owned network or other District-owned devices, via a hard-wired connection. Any permissible access to the District-owned network by Personal Electronic Communications Devices is only available through a wireless connection.
- (ii) To access, download, receive, create, send, share, view, sell, purchase or otherwise disseminate obscene, pornographic, lewd or otherwise illegal materials, images,
